How to find us

f @westilkerton

West Ilkerton Farm is located about 2 km from Barbrook and about 5 km from Lynmouth on the North Devon Coast.

At Barbrook (A39) take the turning by the petrol station signposted Ilkerton and Shallowford. Continue to the top of the hill and take the first right. Carry on along the narrow lane to the farm.

A real working Devon farm in the heart of Exmoor.

Animals and wildlife

Explore our traditional Exmoor hill farm and see animals and wildlife at close quarters.

Devon cattle and Exmoor horn sheep have been farmed here for generations. We are passionate about conserving these local breeds together with the farm's abundant wildlife and beautiful scenery.

We often see wild red deer. Our farming methods promote wildlife like butterflies, ground-nesting birds and bats.

A tour highlight for many is visiting our Exmoor ponies.

Our farm tours will take you off-road to places that aren't usually accessible to the public. Enjoy the spectacular, ever-changing views of Exmoor from the comfort of a tractor-drawn trailer.
